Run your business with Asana Premium

Add more members

Asana is more valuable when your whole team is using it. With Premium you can add more than 15 members to each team.

See project progress

See a high-level view of work happening across your team. Add as many projects to your dashboard as you want.

Control what you share

Make sure the right people see the right info. Limit access to any project, create hidden teams for sensitive work, or make teams public.

Find the info you need

Customize your search with additional fields using Advanced Search. Plus, create and save custom views across projects, assignees, due dates, and more.

Secure your data

Designate Organization admins who can deprovision members, enable Google SSO, and export your data.

Get set up for success

Get onboarding resources and webinars from our Customer Success Managers. Plus, get priority support for any questions.

Manage complex projects

Keep your teammates in the loop. Make one task as waiting on another to automatically know when work is ready to begin.
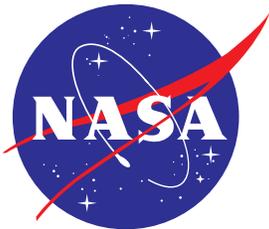

Track Anything

Track your work, your way with custom fields. Add fields to any projects, so you can track exactly what matters most to your organization.
